RUBRICS

"As a **[grade level]** teacher, I need a rubric to assess a **[type of assignment, e.g., persuasive essay, science project]** for my **[subject]** class. Please create a rubric with 3–5 criteria aligned to **[standards or learning objectives]**. The rubric should include 4 levels of performance with clear descriptors."

LESSON PLANS

"Create a lesson plan for a **[grade level]** **[subject]** class on the topic of **[topic]**. The plan should include objectives, materials, an engaging introduction, guided and independent practice, differentiation strategies, and a formative assessment. Align it with **[specific standards, if any]**."

REPLIES

"Please revise the following message to sound more professional and appropriate for **[a parent / a colleague / my principal]**. The tone should be **[collaborative / firm but respectful / empathetic]**. Here's the original message: '**[Insert message here]**'"

DIFFERENTIATION

"I'm teaching a **[grade level]** lesson on **[topic]** in **[subject]**. Can you suggest differentiation strategies for students who are **[below grade level / advanced / English learners / have IEPs]**? Include ideas for content, process, and product differentiation."

ASSESSMENT

"Create a **[number of questions]**-question multiple-choice quiz (or exit ticket) for a **[grade level]** **[subject]** class on the topic of **[topic]**. Include an answer key and ensure the questions assess key concepts from the lesson. Align with the following **[standard or objective]**."

BONUS!!

Feedback/Grading

"Here is a student's **[type of work, e.g., essay, lab report, math solution]** from a **[grade level]** **[subject]** class. Please provide feedback that highlights strengths, suggests improvements, and encourages growth. The learning objective was **[objective]**. Student work: '**[Insert, or upload work]**'"
